

Karachi Development Authority (KDA) played a very important and vital role to endow with the facilities to the citizens and marginalized communities since 1957 to 2002, In this regards KDA had accomplished large scale of

sustained except Sindh because in this ordinance it could not be said to cease the Development Authority.

Thereafter in 2002 Sindh government

Karachi Development Authority Ups Down

mega projects like, streets road, express way, bridges, flyover, water supply schemes and sewerage system. All the projects are a important part of development history. After the last 14 years KDA has again resumed, after the decentralization new projects have been planned.

implemented a Sindh Development Authority ordinance and all the Development Authority

had been ceased and merged to other institution. According to KDA Authority department neither remain a part of KMC nor it will merged in to KMC in future, because in the time of city government

KDA authorities are planning for a new schemes of Town Ships, mega projects in the developed cities of the world. Since last 14 years not only devastated the assets but also lot of land properties has been illegally occupied and sell by the land mafia while for the eviction of occupied land detailed survey have been began and after the survey occupation can be clogged. According to local government ordinance 2001 in all three

and after that in June 2016 till the resumption, KDA continued their exertion and according to Karachi Development act 2016 it has resumed, and efforts for the financial stabilities of KDA have been taken.

During the Past Decade KDA remained under the Control of Land grabber and they looted Karachi very badly. After the Supreme Court Decision Director General Mr. Samiuddin Siddiqui took an esteem efforts for the eviction of KDA land from Land Mafia and it was carried out successfully by State & Enforcement.
